

## Proposal Agenda Item

Date	1 / 2 /2022	
Agenda No	19	
Title	Allotment Track Repairs	
B a c k g r o u n d	<p>We have had a request from the allotment committee for MOT Type 1 for track repairs as they are fed up with ruining their suspensions.</p> <p>Meeting 5<sup>th</sup> October 2021 after a lengthy discussion agreed by all to use the free aggregate on site.</p> <p>This has now been all used to make good some of the repairs but not all.</p>	
C o n s i d e r a t i o n s	<p>The council to consider buying 10 ton of planings/scalpings from a local Company Talbot Transport Limited.</p> <p>Prices quoted: _ £12.50 , £15.00 or £22.50 per ton delivered plus Vat. Advised to use the better quality grade planings at £15.00.</p> <p>The cost is to repair the existing track onto the site. The pot holes will be dug out into squares, planings put in them and wackered down. This will be only a temporary fix as it's not Tarmac but will help all tenants access the site for the next couple of years.</p> <p>The Allotment Committee have agreed that if the Council purchase the plainings they will get together, with the help from any Council members that also wish to help to do the repairs free of charge.</p>	
P r o p o s a l s	<p>A ) For council to buy planings/scaplings for the track repairs. Quantities and costs :- 10 ton a £15 per ton £150 delivered plus Vat £30 , Total £180.00, Labour FOC</p> <p>B) Funding to be taken from the budget "Hire of Hall" to cover said cost.</p>	
Risk	Low
