

Hartlebury Parish Council – Maintenance Report

June 2024

Checks Completed and General Observations

Monthly checks have been carried out at the play area and village green. There was even more litter than normal across the MUGA, green and PH car park. Tennis courts need some attention with overgrown hedges, which I will tackle in July. Lengthsman work has also been carried out under lengthsman contract. The strimmer developed a fuel leak so I have taken it for repair and servicing.

The following maintenance actions have been completed this month:

- Park checks
- Swept gravel back onto MUGA car park
- Litter cleared from MUGA and parish hall grounds
- Repaired broken retainer slab on Parish Hall Car Park
- Cleaned dog bins on green

Issues picked up:

- Dog mess in the junior play area again
- Huge amounts of litter across all areas
- Weeds on parish hall car park are getting out of hand
- Tennis court hedges very overgrown – I will do this next month
- Bike parking stickers still need to be replaced
