

**Patio Wall Working Party.**  
**Update on Patio Wall Repair July 2nd 2024 HPC meeting**

Work is progressing well unfortunately some work had to be replaced due to vandalism.

Once brickwork is completed it will be allowed to cure and the fencing will be installed.

HPC have reported the damage to the police and posted a appeal for any potential witnesses to come forward.

Between 9.30pm on Wednesday 12/6/24 and 10am on Thursday 13/6/24 intruder(s) or person(s) unknown gained access to the Parish Hall patio by moving the Heras fencing.

The perpetrators removed then replaced some of the newly laid brickwork to the pillars and wall at the Petanque end of the patio.

It was discovered by the building contractor when he arrived on site on Thursday morning 13/6/24.

This has resulted in 4 to 5 courses of brickwork having to be taken down and replaced, as the integrity of the bonding between the bricks had been compromised, which has meant extra costs in labour and materials.

The contractor has now installed temporary CCTV to deter any further repetition of damage to the repairs.
