

No meetings were held in June

Go ahead for new VAS to be purchased for VAS on Old Worcester Rd given by clerk to Tony Miller to purchase a solar powered unit. Cllr Miller will donate £1000 to purchase of unit and we are hoping to get another donation from Welnberger.

There has been a vandalism issue with the other VAS on Old Worcester Rd opposite Groves Way, it appears to be not working but when examined by Simon Fox found a fuse was missing. Consequently new locks have been provided with JC and Graham Hipkins changing locks and installing new battery. On testing it was found that the unit needs to go for repair. Tony Millar to see if his contact is willing to look at unit. Clerk to send email to Cllr Mliier
